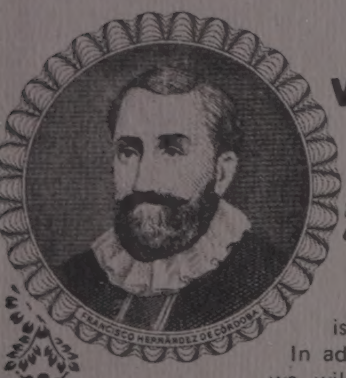
Fixed price Catalog of world paper money



The annual subscription cost to our paper money catalogs is $2.00 per year plus an additional $1.00 for airmail overseas. In addition to our regular fixed price catalog of paper money, we will have a minimum of two auction catalogs which will either include or specialize in paper money. The subscription to audtion catalogs is $3.00 and an additional $2.00 for airmail. From time to time we offer paper money in our regular coin catalogs; an average of six per year. Should you want to subscribe to the whole package of paper money catalogs, auction catalogs and coin catalogs, the cost is $6.00; airmail in the U.S. an additional $3.00, overseas airmail an additional $6.00. The names of non-subscribers may be removed from our files at any time without notice.

Postage and insurance (or registration) fees will be billed on all orders without advance payment. We will absorb the mailing fees on all orders accompanied by full payment. All orders under $10.00 must include $.50 handling. The above also applies to overseas orders. However, we cannot be liable for items sent to countries that do not provide for insurance.

Applicable Texas Sales Tax must be included on all intra-Texas transactions. Texas dealers must furnish their permit number in order to be exempt from the tax. All prices quoted are in United States Funds.

All items are guaranteed to be genuine unless otherwise noted. All items except books and numismatic supplies are sent on five-day approval. Unless prior extension is arranged, all items must be completely paid for within fourteen days after their dispatch from our offices. After that a 1% per month interest charge will be added.

PICK. Just before preparing this catalog, we received Albert Pick's PAPERMONEY CATALOGUE OF THE AMERICAS. This excellent book is in English and lists paper money of all of the Americas (including U.S., Canada, Mexico, Caribbean, Central and South America) by types and dates. Each note is numbered and evaluated in U.S. dollars. The book is profusely illustrated, has 335 pages and a hard cover. The regular price of this book is $25.00, but we offer it to our regular customers for $22.50 postpaid.

"P" numbers used in this price list are Pick numbers and are from either the above book or from his other book, CATALOGUE OF EUROPEAN PAPER MONEY SINCE 1900. The latter has 320 pages, a hard cover, 275 illustrations, and is available from us for $12.95 pp. Both of these books on paper money by Albert Pick are in English exclusively.

OTHER BOOKS ON PAPER MONEY. Prices quoted are postpaid. You may deduct 5% on book orders of $10 or more and 10% on book orders of $50 or more.

BOLIVIA

WE OFFER BELOW what is perhaps the most extensive listing of Bolivian paper money ever offered in a fixed price list. Paper money of this country is very popular at present and drew the most bids of any paper money section in our most recent auction. There is still time to get in on the ground floor on this and all Latin American paper money which appears on the threshold of a tremendous surge in popularity. Five to ten years from now, these prices we are asking today will seem ridiculously low.

Bolivian paper money is listed below by "BO" numbers in the same sequence it is listed in our book, "THE PAPER MONEY OF BOLIVIA," by Dale Seppa and Al Almanzar. (This book is available from us for $2.50 postpaid.) Our number is followed by the Pick nr.

MEXICO

In listing this section we are using as a reference Gaytan's "Paper Currency of Mexico 1872-1971". In the One Peso of Mexico notes we have cross-referenced them to the new book by Shlieker, Paonessa, & Spencer. Both of the above books are available from us. "Paper Currency of Mexico 1872-1971" by Gaytan at $12.50. "Un Peso of the Bank of Mexico 1935 - 1970" by Shlieker, Paonessa & Spencer at $3.00. The Mexican note series is quite extensive and while some notes are very rare and command high prices, many are common and often sell for less than $1.00. Because of this and in order to offer as extensive selection as possible, we are giving only a brief description of each note. We are listing them in the same sequence as they appear in Gaytan.
